Thrusters

E100 eVision tunnel bow/stern thruster 24V

100kg variable thrust

Item code: E100/185T-24V

The E100 is a highly efficient, compact, lightweight thruster suitable for boats between 35-55 feet. The integrated inverter for variable speed control makes for a quick and easy installation.

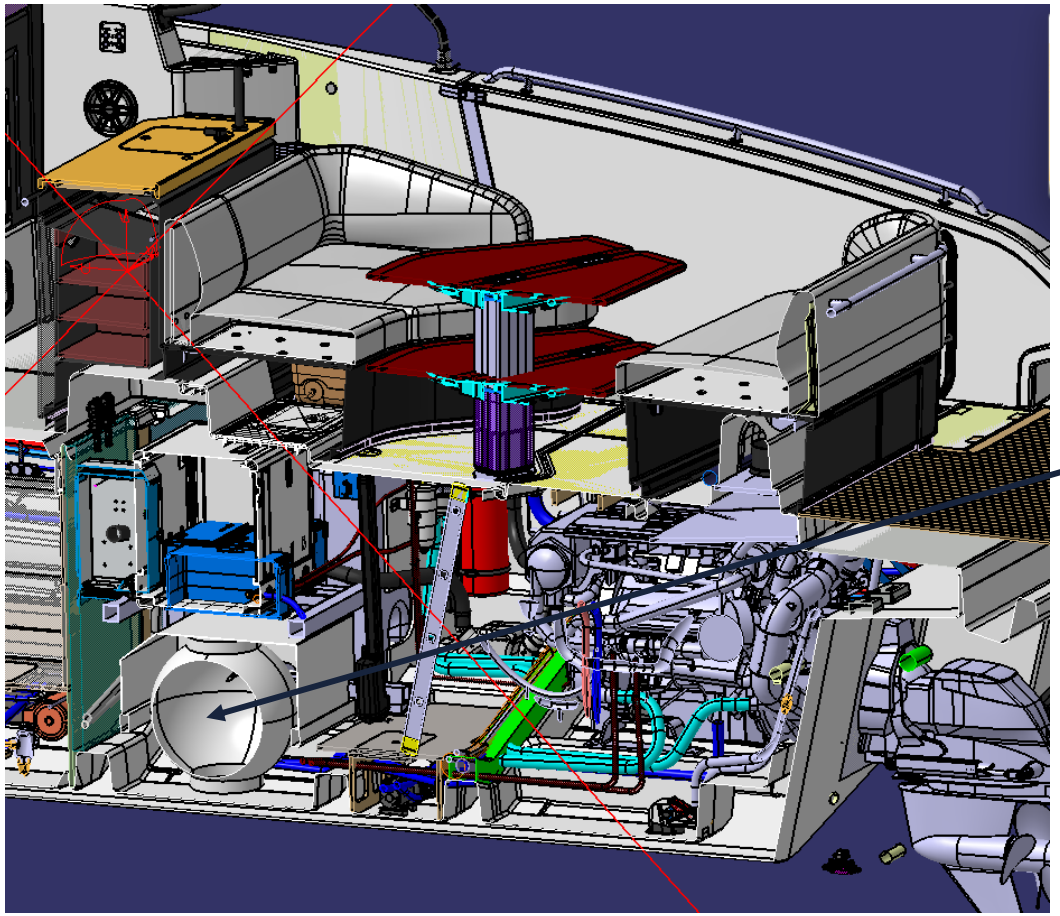

E100 has the new 6-phase PMSM synchronous motor made explicitly for marine thruster use, delivering performance and runtime never seen before in a DC thruster.
